THAILAND UNDERGRADUATE & POST GRADUATE PROGRAM

3 YEAR - HOMEOPATHY UNDER GRADUATE COURSE

The aim of the course is to produce competent & confident Homoeopaths who will be an asset to their profession. The concepts taught are classical & time tested but the presentation is new & practical. The curriculum is based on the 30+ years life experience of Dr Subrata Banerjea treating literally thousands of patients in both India and UK.

Dr Saptarshi Banerjea has been running this program since 2013. He has been exposed to homeopathy by his father's side practically since birth & is himself a brilliant homeopath. Dr Saptarshi is currently in private practice in Calcutta India, where he sees up to 50 patients a day in his private clinic. He runs a 2year PG program for homoeopaths in the USA.

The outline for this course is the same as the UG course offered through the Allen College in the U.K. This consists of 10 weekends a year with 7 additional integrated learning days with international students at the Summer School and 4 Winter Seminars each year. Allen College provides clinical training as an integral part of the course. From the very beginning students are exposed to the practical aspects of prescribing and participate in a clinical environment with patients in the Allen Teaching Clinic

2 YEAR - HOMEOPATHY POST GRADUATE COURSE

This course is meant for medical professionals and homeopaths with previous homeopathic training. Two-year programme (6 weekends = 12 days in a year) based on well-structured curriculum.

3 major Aims of the Programme:

- i. Do not get confused by different methodologies.
Believe in 200+ years of a clear approach to prescribing including miasms, totality & essence with sound knowledge in Materia Medica. A practical method which gives your patient confidence in homoeopathy.
- ii. Demonstration of Simple homoeopathy, which works. Takes you back to the basics with solid foundation of Clinical, Comparative and Behavioural Materia Medica.
- iii. Homoeopathy can work quickly. Re-visit the action of century old lesser known Organopathic medicines like Helonius, Tanacetum, Verbena in Depression; Amyl Nit., Epiphegus, Melilotus, Onosmodium, Usnea for Migraine and wean off the conventional chemicals in accordance with

aphorism §91 of Organon and thereby giving confidence to the patient that (a) yes, I can control the dosage and may take fewer chemicals; if the patient wants (with the consent of the patient &/or GP). (b) there are alternatives to manage my condition and (c) homoeopathy is working for me!
