

ALLEN COLLEGE OF HOMOEOPATHY

International | Professional | Scientific | Practical

Sign up for Two-Year Post Graduate Course *STARTED* in March 2017

24-day Homoeopathy Post Grad Course

This practical teaching is aimed to give you the confidence to show your patients that homoeopathy is working by the first or second follow-up.

The curriculum is based on the 30+ years' life experience of Dr. Subrata Banerjea treating thousands of patients in both India and UK.

Dr. Subrata's son, Dr. Saptarshi, who has been exposed to homoeopathy by his father's side practically since birth, is himself a brilliant homoeopath.

Dr. Saptarshi has a reputation being a great lecturer and a busy practitioner seeing up to 50 patients a day in his private clinic.

He has been running a 3-year Under Grad and 2-year Post Grad program for medical doctors in Bangkok, Thailand since 2013.

You will learn the essence of 400 time-tested polychrest and lesser-known medicines, guided by Dr. Saptarshi and his mastery of the Materia Medica.

Major Aims Of The Programme

- To boost your Confidence in Materia Medica
- To reinforce the basics, and apply Organon in everyday practice
- To enable you to compare medicines quickly
- To apply Clinical Tips in your practice
- To use Organopathic medicines in Drug-dependent cases
- To use time-tested Simple Homoeopathy, which works!

Dr. Saptarshi will be bringing your Classical American Homoeopathy back to you!

Course details

12 Two-day Saturday/Sunday sessions, over two years
Taught on US/Canada Central Time Zone schedule

Fees per Two-Day Webinar Session

Webinar live from India - US\$150.00
See fee structure below
Sign up for all, or attend on a session basis
